# agape Initiative Based Curriculum

aims to foster **Love, Wisdom, Integrity, Discipline and Passion**. Our curriculum provides children with ample opportunities for exploratory play, planned academic and impromptu activities (based on stories and child's interest), as well as interactions. When children's interest are taken into consideration, they will feel the sense of empowerment and responsibility towards achieving the goals they set.

The curriculum also aims to promote **life-long learning skills**. The life-long learning skill include: thinking & problem solving; communication, social and interpersonal; teamwork research enquiry and investigation; invention, enterprise and entrepreneurship; managing one's own learning; leadership.
